Little places, big stories

Mark and Jo Richardson, Greens Mandurama Rural Service Centre, Mandurama

Mark and Jo moved back to Mandurama in 2001 to assist Jo's parents in running the rural merchandise business they own today. Jo grew up in the area around Burnt Yards and Errowanbang. They say Mandurama has been a great place to bring up their own two children with their love of space, farming and community drawing them back to the area to make their home.

Mandurama was originally established for the staff of Coombing Park – one of the first farms settled in the district. Today, Mandurama is a quaint village with a great deal of history – set amongst rolling hills, creeks and rivers. Mandurama is a town that fosters community, with a beautiful community hall available for hire and a park with an undercover area with picnic tables, free BBQ's and children's play equipment as well as the local tennis courts.

Streets that run North to South are named after fruit; Peach, Olive, Loquat and Cherry and streets that run East to West are named after Metals; Gold, Silver and Copper.

Their top 3 local recommendations are:

- Junction Reefs - on the banks of the Belubula River picnic or camping area and historic dam wall.
- Bakers Shaft Reserve - Camping also on the Belubula River
- Millamolong Polo - Polo tournaments, generally in the Autumn or Spring.

Chris Cuddy, **Perennialle Plants**, Canowindra

Chris Cuddy has lived in Canowindra for almost 23 years; 12 of these have been spent running Perennialle Plants. The business started as a mail order nursery specialising in rare, and frost and dry tolerant plants. The demand for the plants grew and the business evolved and expanded to include garden tools and giftware. Perennialle Plants now inhabits a beautifully restored 1909 building which houses an extensive emporium, the nursery and a cafe. The business has become an important fixture on the main street, open long and regular hours, and one of the many cafes in town.

Chris describes Canowindra as “a fantastic little town of about 2000 people. It’s a special place, from the historic main street to the welcoming atmosphere. There’s a real sense of community and creativity in the place.”

Chris’ top 3 recommendations while in Canowindra:

- Start at the eastern end of the main street with a coffee and fresh pastry at Perennialle Plants followed by a slow wander through the nursery and emporium.
- Meander down the rest of the historic “bendy” main street, enjoying the buildings and other retail offerings and art galleries. Lunch can be purchased from one of the excellent local cafes.
- Make sure to stop in at the world class Age of Fishes Museum: one of only two fish fossil museums in the world, and a National Heritage site due to its international scientific significance.

Blayney

Steeped in rich farming history and industry, the historic town of Blayney is home to a friendly, vibrant community enjoying modern facilities among elegant 19th century houses and treasured traces of the past.

The town of Blayney is the centre of the historic villages of Blayney Shire. Take a drive along the country roads to the villages and enjoy the spectacular views and landscapes.

THINGS TO DO

- Visit the Heritage Park Adventure Playground, one of the best playgrounds in the region
- Pick up a Blayney Heritage Walk guide from the Visitor Information Centre and explore the history of Blayney
- Admire the local artistic talent by taking a country drive during Sculptures by the Bush in April.

Ada Clark, Artist, Millthorpe

Ada Clark has lived in Millthorpe for over 27 years having relocated from the Blue Mountains with her late husband. Having exhibited her work at the Orange Regional Gallery previously, she had visited Millthorpe and thought it might be a place she would like to live and so she did just that. Ada loves the unique combination of Millthorpe's conveniences with easy access to regional centres like Orange and Cowra with the country atmosphere and strong sense of community.

Influenced to start painting by her brother at the age of 7, Ada's love for colour has driven her creativity and her practical side has ensured that

she could make a long-lasting career out of her art.

Ada thinks it would be a shame for any visitor to the region to miss out on her recommendations:

- The Golden Memories Museum
- A walk around the village of Millthorpe, taking in the historical sites and viewing the gorgeous local gardens that open annually for the Millthorpe Garden Ramble
- A day out enjoying the natural beauty of sites such as Mount Canobolas or Carcoar Dam, beautiful rural spots where Ada enjoys painting.

Robert Carroll, Molong Stores, Molong

Robert has lived and operated his store, Molong Stores, in the heart of Molong for three years. Originally from further West, he had driven through Molong before and thought it was a cute town, when his friends bought the heritage building his store is located in, he thought it was the perfect time to make the move! As a trained hatter, Robert specialises in hats and hat fittings and also sells a curated selection of local and international wares and pantry staples.

Robert describes Molong as “God’s Country, a working town full of supportive, honest and generous people”, and is happy to call it home. Robert credits the people of Molong.

Robert’s top tips for visitors to Molong:

- A trip to Molong Stores should be top of your list as well as the other retail businesses in town.
- Take a wander along the creek, if you look hard enough you can often spot a platypus!
- Grab a beer at one of our awesome country pubs and settle in with the locals.

DID YOU KNOW

The name Molong is derived from an Aboriginal word meaning 'place of many rocks'. Explorer Sir Thomas Mitchell's indigenous tracker, Yuranigh is buried just out of Molong on the Mitchell Highway towards Orange. A man of special honour, an Aboriginal scarred tree trunk marks this significant grave site that reflects European and Aboriginal interaction. Molong is also home to the Packham Pear - first cultivated here by Sir Charles Packham in 1896.

Alf Cantrell, Banjo Paterson More than a poet Museum, Yeoval

Alf Cantrell and wife Sharon have been at the heart of the Yeoval community since they purchased their home there thirty-three years ago. They have enjoyed an active and ongoing involvement with The Yeoval Progress Association, Red Cross, the Historical Society and the Yeoval Show Society. Both are very proud of the Buckinbah Park and the Banjo Paterson Bush Park which they helped establish and the nine magnificent sculptures installed in the Parklands.

Their dedication to putting Yeoval on the map as the “Childhood Home of Banjo Paterson” has led to a State Premiers Award and a Regional

Community and Achievement Award. The “Banjo Paterson...more than a Poet Museum”, overlooking the Buckinbah Creek and Buckinbah Station, is the result of many years of ongoing collecting and now houses a priceless collection of original letters, photos and writings, celebrating the life of Andrew Barton ‘Banjo’ Paterson.

Alf’s top things to see and do in Yeoval:

- Banjo Paterson More than a poet museum
- Banjo Paterson Bush Park Sculptures
- Yeoval Historical Museum

THE ORANGE VILLAGES

Bicycle Trail

A multi-stage ride through friendly towns and villages backdropped with rural landscapes and some spectacular views, some a sweeping full 360 degrees. A glorious 360 kilometre multi-day lap of Mount Canobolas, where riders get to enjoy quiet roads, smooth gravel, terrific views and most importantly, fabulous country hospitality in local towns and villages in the heart of Regional NSW.

SOMETHING FOR EVERYONE, ON AND OFF THE BIKES

Orange360 showcases the natural beauty of this gorgeous region. Set in the heart of Wiradjuri Country, people can explore historic sites, wineries, cideries, towns, villages and events all year round. Catering for all forms of experiential adventurers, there is something for everyone on and off the bikes.

The welcoming warmth of our locals in cafes, restaurants, pubs, BnB's and farm stays will add to the highlights of your adventures on this route.

The Orange Villages Bicycle Trail was developed by a local cycling group fondly referred to as the Treadlies.

Orange to Molong

(55kms)

Getting riders out of Orange and into the surrounding countryside to experience the Mount Canobolas high country is the first stage of this ride. Travel through typical Central West Slopes rural landscape on the way to Molong.

Molong to Cargo

(70kms)

Landscapes and vistas between 4 local villages make this the perfect stage to capture photos. Riders will enjoy agricultural variety, including cattle, sheep, and alpacas, as well as stunning canola crops in spring or the seasonal cropping of wheat.

Cargo to Cowra

(68kms)

Emerge from the foothills of Mount Canobolas as you take in the gentle rolling hills of Cargo, Canowindra and Cowra with very little climbing and skirt onto the fertile river flats of the Lachlan River.

Cowra to Neville

(84kms)

There are two options with a combination of sealed and unsealed road surfaces on this route. Riders on e-bikes will have an advantage on the climbs, however there is no opportunity to recharge bikes during the ride.

A note of caution about Snake Creek Road: this is best crossed on a mountain bike. It's a track though interesting eucalypt forest, and with a causeway (beware, you might get wet feet).

Neville to Carcoar

(35kms)

This is Ben Hall country and as this stage is a shorter journey there is ample time to stop and enjoy the views and the historic village of Carcoar. The ever-present vista towards Mount Canobolas is a feature of this route. Those in a hurry can continue to Millthorpe or Orange if an afternoon in Carcoar does not fit.

Carcoar to Orange

(55kms)

After a cheeky coffee in Millthorpe, riders head west and under the low-level railway bridge. The ride along Forest Reefs Road passes lovely houses on acreage, each with their own style of house, garden and old wares (such as old cars and windmills). This is a lovely quiet road with views to the west to Mt Canobolas, across grazing and farming country beside the road.

Riders marvel in their thoughts along this next part of the ride. Spring Hill, Spring Terrace, Springside and Spring Creek are amongst the local names. Why would that be?
